Treasurer's Report: Checking \$46,958.

Playground: Malia reported email discussions with Brent (DPR) concerning procurement. Start of work could be first week of July. Completion could be possible by October. The archaeological survey had no findings, so no delays are expected. No discussions on the list of climbing equipment until a construction team is hired. The space shuttle is available to be claimed/saved -- the contractor can help figure out best removal procedures during demolition.

Documents: Many misc FOGM documents have been collected and will be scanned and made into PDF's. Start working on the email list, possibly move spreadsheets to Google "Drive" with access by password.

GP Day: Brent from DPR and Karate Kids will be at FOGM table. Collecting emails will be top priority.

Next Meeting: Tentatively scheduled for 2nd week in July.
